

prophecy from September 17, 2023
Given by Nancy Campbell

I believe the spirit of the Lord would speak and say, the tide has turned, sons and daughters, the tide has turned.

Do you feel out of step? Do you feel like things are just askew right now? Well, that's because they are, says the spirit of God. This is Me, this is Me tilling the land. I am tilling the land of the earth, right now, the earth of the whole world. My angels are going out, the land is being tilled even as I speak right now, Says the spirit of God.

So, be encouraged sons and daughters, the tide is turning, the wave is coming in as the tide comes in the weight of My glory falls. Eye has not seen nor ear heard what I am about to do, says the spirit of God, but you need to have faith for right now for the enemy is trying to dislodge a lot of you to dislodge you from what I have called you to do. Do not allow him. Know this is an attack of the enemy to get you out of step with Me.

So, while you might feel out of step, that is Me, shaking the earth, Do not fear! Do not fall into thinking about what the world is saying and the propaganda the world is putting out right now. Saying this is going to happen, that is going to happen. Don't buy into that, don't even speak it. When you speak it, you are not walking in faith.

I am in control! Do you hear this? I am in control! Nothing will happen unless I ordain it says the spirit of God.

So, stir up up your faith. Shake off the unbelief and the things that are attacking you right now and step into what I am calling you to do.

You may not feel prepared. You may think It's not me, I can't do it. Yes, you can for I have called you, step forth and close your ears to all the propaganda going on. Close your ears, right now, close them. Listen to Me!

It doesn't matter what other people are saying. What matters is what I am saying, ask Me, what am I saying, don't listen to the other stuff.

I am on the move, says the spirit of God, never, never doubt that!
