

PROPHECY FOR 2020. Given by Nancy Campbell on 01/05/2020

I believe the spirit of the Lord would speak and say, 2020 is a year of new beginnings. Embrace the new beginnings. Embrace the presence of my Holy Spirit.

Have I not sent angels here into your midst? My angels are your messengers, my messengers, says the spirit of God. They are here to conduct My business. They are here because I sent them here to this place, to White Fields Church.

Is your name not White Fields Church, for the fields are white unto harvest? Reap the harvest, says the Spirit of God. Reap the harvest. For I would have this place filled with new believers and I will fill this place up as I have spoken over this place before.

And, yes, I have rearranged your landscape and yes, I have repositioned you for My purposes and My plans. Do not doubt what I am doing here, says the spirit of God.

See My angels. Open your eyes and look. They are here. They would not be here if I was not about to do something. They are here doing battle for you.

Do not be discouraged. 2019 is passed. Step into the new, says the spirit of God. New year, new beginnings. Do not be afraid to step out and do things you never thought you would do. Step out into the new. Look for the doors that are open. Look for what I am doing in this area. For I am moving in the state of Alaska and you are part of it, says the spirit of God.

Do not be discouraged. Yes, there are battles but there are blessings in the battles. I do things according to My plans and My purposes, for I have a way and it is not always the way of man. So do not get set in a pattern; a way of doing things like you did it before, that's the old way, says the spirit of God. Embrace the new. embrace what my spirit is doing. Embrace what my messengers are sent here to accomplish in this place. For this is my place; this is my land that I have secured for my purposes, for my kingdom and I will have my way here says the spirit of God.
