

Prophecy for 2019 by Nancy Campbell

I believe the spirit of the Lord would speak and say that a new day is dawning, my people, a new day is dawning in the year of 2019.

Do not look to the former things, the things of the past; the way you used to do things. Will you seize the moment, will you be ready to step out in faith and do the things that I am going to call you to do this year?

As you wait on Me, as you lean into My Spirit, as you have that expectation, I will fill your mouths, I will set your feet to go where I am calling you to go that My harvest might be reaped; for it is the time to reap the harvest, says the spirit of God.

Will you be ready, will you seize the day, my people? You need to be ready, you need to be prepared. You need to think anew. It's a new day dawning in My Spirit. I am going to do things differently this year. You need to be awake, you need to be alert, you need to be aware and ready to go in an instant because I will speak to you in the marketplace. There will be somebody standing beside you and I will say to you, speak to that man now and he will get saved on the spot. Or I will say, lay hands on that person and heal them now.

Will you be ready to go? Do not fear. Be bold and be confident in Me and seize the day for it is a new day, it is a new hour.

The year of 2018 presented many challenges. Put those challenges behind you, they are in the past. Step into the new. Step into the new movement of My Spirit and let Me lead and guide you into all I have for you this year.

Will you be ready, my people? Ready yourself and be prepared to do new things. Do not look to the past, do not look to even you yourselves used to do things, the way you used to walk with Me. It's all new this year, says the spirit of God.

Step into the river, step into the flowing of My Spirit, and I will energize you. Yes, you can do more. Don't say I don't have time, I have to put my time in a certain way, and I don't have time to do things. You have time for Me, says the Lord. If you submit to Me, I will make time for you to do the things I am calling you to do.

Lean into My Spirit. Let the winds blow you into 2019 and forget the challenges of 2018. Yes, it was a different kind of year, it's over and you are stepping into the new now.
